G. Frank Macfarland, Esq., LL.B.,

Convener, Education Committee,

23 Adelaide Street East, Toronto.

Dear Mr. Macfarland:

I am glad to say that in my opinion a system of supervised playgrounds and play centres for children in a city may be of very great value. To make it possible for children to play in good open spaces during the summer and to take them off the streets and keep them under anything like supervision should be a large factor not only in their present happiness but in preparing them the better for citizens in the future.

Yours sincerely,

President.
